THE SUZUKI

ACROSS

ACROSS BROCHURE

SUZUKI

ACROSS ALL.

Leave limitations behind in the ACROSS. Sophisticated Plug-in Hybrid technology meets genuine 4x4 SUV freedom to give you ultimate efficiency, confidence and driving pleasure. Nothing can stop you now.

GO ACROSS CONVENTION.

Refuse to follow the crowd and break through the style barrier. The ACROSS expresses individuality with its robust and high-quality body design, sporty details and distinctive bold face.

GO ACROSS LIMITATIONS.

Reach beyond the boundaries of ordinary EVs and SUVs.
The ACROSS unleashes the power, efficiency and driving range of PHEV technology. There's no need to compromise anymore.

Invigorate your senses, while lowering emissions and fuel consumption.

Enjoy uncompromising performance, exhilarating response and smooth acceleration thanks to an advanced, eco-conscious Plug-in Hybrid system that combines a large-capacity battery and a powerful 2.5-litre petrol engine.

Plug-in Hybrid System

A powerful electric motor delivers smooth, quiet and torquey performance for comfortable everyday driving. When more acceleration is needed during high-speed driving, a petrol engine provides spirited assistance while also lending peace of mind on long journeys. You can conveniently charge the high-capacity battery at home or a charging station.

2.5-litre engine

A 2.5-litre petrol engine charges the battery and boosts power at high speeds. Depending on driving conditions, it switches between port fuel injection (PFI) and direct cylinder fuel injection (DI) to achieve optimal combustion for fuel efficiency and low emissions.

Drive with confidence on snow covered roads and slippery trails.

E-Four (Electric 4x4 system) employs an independent rear motor that distributes torque to the rear wheels, depending on driving conditions, to maintain grip and solid stability, whilst keeping you in control on slippery surfaces.

Trail Mode

On low-grip surfaces, such as snowy roads and uneven off-road terrain, Trail mode is designed to apply the brakes to wheels that lose grip, direct torque to wheels that maintain grip and adjust the throttle and transmission shift pattern to keep you moving and in-control.

Stable handling

4x4 performance helps compensate for understeer around slippery corners and provides handling that more closely matches your intended course in various driving conditions.

AWD Integrated Management (AIM)

Central to the E-Four system is the highly sophisticated AWD Integrated Management System (AIM), which is designed to optimise 4x4 performance by varying torque distribution, engine throttle, shift scheduling, braking and power steering based on driving conditions. It also supports the NORMAL, ECO and SPORT modes of Drive Mode Select.

Sporty, robust styling proclaims the arrival of a new-generation SUV.

A robust, high quality and sporty SUV design, which conveys confidence from every angle is characterised by sharp styling lines across the body, a bold physique with rugged wheel arch mouldings, a sporty large open grille and a high bumper with a prominent silver skid plate.

19-inch alloy wheels

Distinctive polished surfaces and a black gloss coating contribute to a look of power and premium quality.

LED headlamps

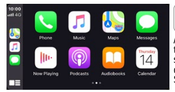
The LED headlamps feature bi-beam projectors (combining low and high beams) and LED DRLs for extra-sharp front looks.

Driving pleasure is heightened by comfort and quality craftsmanship.

The comfortable, well-crafted interior, with quality upholstery and stylish accents, evoke a sense of comfort, luxury and driving confidence.

9-inch multimedia audio system

The system works with Apple CarPlay® for your iPhone, as well as Android Auto™ and Miracast™ for your compatible smartphone, letting you take advantage of apps to make phone calls, display navigation directions, send and receive messages, access favorite music and more.



Works with Apple CarPlay

Apple CarPlay® lets you use your iPhone to make calls, access your music, send and receive messages, and get directions all with your voice through Siri or by tapping on the audio display.

Apple CarPlay is available in the countries listed at the following link:
http://www.apple.com/ios/feature-availability/#applecarplay-applecarplay
*For more details including iPhone models compatible with Apple CarPlay see:
http://www.apple.com/ios/carplay/
*Apple, Apple CarPlay and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries.

works with androidauto

Android Auto™ extends the Android platform into the car in a way that's purpose-built for driving. It is designed to minimise distraction so you can enjoy driving with Google services like Google Maps and Google Play Music. Get the Android Auto app on the Google Play Store*.

*Android Auto is available in the countries listed at the following link:
https://www.android.com/auto/faq/
*Most phones with Android 5.0+ work with Android Auto:
https://support.google.com/androidauto/answer/6348019?hl=en&ref_topic=6140477
*Google, Android, Google Play and Android Auto are trademarks of Google LLC.

Meter cluster and 7-inch multi-information display

The meter cluster and multi-information display convey vehicle information at a glance on EV driving range, EV driving ratio, state of charge, torque distribution, G-force and more. It also lets you display your choice of digital or analogue speedometer.

Heated front and rear seats

Both the front and rear seats are heated in the seatback and cushion.

Steering wheel heaters

Heaters in both sides of the steering wheel keep your hands warm and comfortable when the weather gets cold.

ACROSS

Enough space for your luggage, sports gear, personal items and more.

Luggage space

The tailgate opens wide for easy access to a large luggage compartment that holds up to 490-litres* of luggage of various shapes and sizes.

Kick operation tailgate

When your hands are full, the tailgate system detects your key and opens automatically if you simply kick your foot forward and back beneath the centre of the rear bumper.

Handy storage

Convenient storage areas throughout the cabin keep coins, beverages, smartphones and other small personal items organised and within reach.

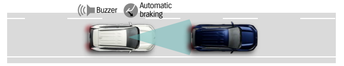
* Measured using the German Association of the Automotive Industry (VDA) method.

Intelligent safety features support more confident driving.

You can drive with peace of mind knowing that advanced safety features help protect you and your passengers.

Pre-Collision System (PCS)

PCS helps prevent collisions by monitoring the road ahead with a millimetre-wave radar and monocular camera. It alerts you when there is a risk of a forward collision and provides braking assistance if the risk further increases.



Lane Tracing Assist (LTA)

LTA is designed to warn you and assist steering operation, when needed, to keep you in the centre of the lane and prevent departure from the lane or road.

Road Sign Assist (RSA)

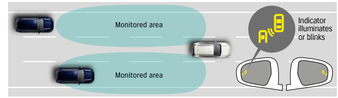
RSA strives to monitor road signs and display them on the Multi-information Display, in case you don't notice them along the way.

Dynamic Radar Cruise Control (DRCC)

DRCC is designed to maintain any designated driving speed when there is no vehicle ahead and maintains an ample distance between your vehicle and a vehicle ahead. It is also designed to stop your vehicle when the preceding vehicle comes to a stop, and follows the preceding vehicle when it starts moving again – while maintaining ample distance between the vehicles.

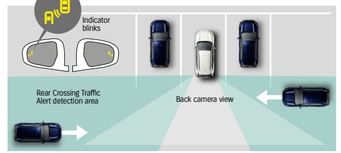
Blind Spot Monitor (BSM)

BSM is designed to warn you of the presence of a vehicle in a rear blind spot by illuminating an indicator at the edge of the door mirror on that side.



Rear Crossing Traffic Alert (RCTA)

RCTA helps you avoid collisions when reversing out of parking spaces by blinking a door mirror indicator when a vehicle approaches the blind spot on that side.



eCall

If the vehicle is involved in a traffic accident, eCall is designed to automatically alert emergency services with a phone message that includes the precise vehicle location.

Notes: Driving assist functions are limited by the ability of the monocular camera, laser sensor and millimetre-wave radar sensors to detect obstacles, lanes and traffic signs. It may not operate depending on the road surface or weather conditions. Please do not rely on this system alone to ensure safety and take responsibility for driving safely. For more details, ask your local dealer or refer to our official website.

ACROSS WITHOUT COMPROMISE.

Go where you want to go. Do what you want to do. Let superior Plug-in Hybrid efficiency and 4x4 SUV freedom complement your active, conscientious lifestyle - in the ACROSS.

CHOOSE YOUR STYLE.

The ACROSS is available in six different colours.

Choose the one that is right for you.

TECHNICAL SPECIFICATIONS

	MODEL			2.5L PLUG-IN HYBRID
Engine	Type			A25A-FXS
	Number of cylinders			4
	Number of valves			16
	Piston displacement		cm^3	2,487
	Maximum output		PS (kW) / rpm	185 (136) / 6,000
	Maximum torque		Nm (lbft) / rpm	227 (167) / 3,200-3,700
	Fuel distribution			Port Injection + Direct Injection
	EU emission standard			Euro 6d
Electric Motor	Maximum output	(Front)	kW	134
	Maximum torque	(Front)	Nm	270
	Maximum output	(Rear)	kW	40
	Maximum torque	(Rear)	Nm	121
Transmission	Type			E-CVT (Automatic)
Weights & Dimensions	Tyres			235/55R19
	Overall length		mm	4,635
	Overall width		mm	1,855
	Overall height		mm	1,690
	Wheelbase		mm	2,690
	Minimum turning circle		m	10.4

	MODEL			2.5L PLUG-IN HYBRID
Weights & Dimensions	Ground clearance		mm	190
	Seating capacity		Persons	5
	Luggage capacity (seatback folded, VDA)		Litres	1,168
	Luggage capacity (seatback raised, VDA)		Litres	490
	Kerb weight inc full options		kg	1,940
	Gross vehicle weight		kg	2,510
	Max towing weight (braked)		kg	1,500
	Max towing weight (un-braked)		kg	750
Performance & Economy	Maximum speed		mph / km/h	112 / 180
	0-62 mph / 0-100 km/h		seconds	6.0
	EV mode driving range		miles / km	46.6 / 75
	Fuel tank capacity		litres	55
	Battery capacity		kWh	18.1
	CO_2 emissions	(WLTP)	g/km	22
	Fuel consumption (WLTP)	Low	mpg (l/100km)	36.6 (7.7)
		Medium	mpg (l/100km)	53.1 (5.4)
		High	mpg (l/100km)	49.7 (5.7)
		Extra High	mpg (l/100km)	36.8 (7.7)
		Combined	mpg (l/100km)	42.9 (6.6)

Fuel economy and CO_2 results for the Suzuki ACROSS range. Mpg (l/100km) (combined): 42.9 (6.6). CO_2 emissions: 22 g/km. Figures shown are for comparability purposes; only compare fuel consumption and CO_2 figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Specifications and equipment vary depending on engine, transmission and model grade. Model availability varies by dealer. Please contact your local Suzuki Dealer for full details. All details correct at time of broadcast – April 2021. Vehicles shown throughout this brochure are for illustration only and may feature non-UK/ROI equipment. Suzuki GB PLC, Steinbeck Crescent, Snelshall West, Milton Keynes, Bucks MK4 4AE. Suzuki Customer Services 08085 011959 (UK) or 01 619 3671 (ROI). Calls may be recorded or monitored.
